Job Purpose

The post is to provide support for the marketing activities for the Cornwall Community Foundation. This will include assisting with a wide range of outward-facing marketing and event activities.

Background

At the Cornwall Community Foundation, we believe that grass-roots community groups have the power to change lives for the better. We support inspiring volunteer-led projects across Cornwall and the Isles of Scilly that help people improve their lives. We are a grant-awarding charity and we manage over 60 'named funds'. We awarded £734,000 in grants in 2019 and have invested over £9m in the community since 2003. Donors trust our expertise to direct funds to areas and issues of greatest need, reaching vital projects that might otherwise not survive. During the first two months of Covid-19 the CCF has distributed more than £400,000 to frontline organisations in Cornwall and the Isles of Scilly.

This is an exciting opportunity to play a vital role in the activities that enable us to raise funds for community groups across Cornwall. The successful applicant will be working closely with the Development Director to increase awareness of CCF through events, press, social and web media.

This post is ideally suited to a person with some previous marketing or sales support experience, although other backgrounds can be considered. The suitable candidate will undertake a wide variety of duties and must have the ability to work to tight deadlines and have good writing skills. You must be capable of showing initiative, have good organisational skills and be comfortable dealing with a wide range of people.

The successful candidate will also need to be IT and social media literate to a good standard.
